We live in a racialized society in which explicit and subtle patterns of inequity permeate our social, political and economic structures resulting in advantages for some groups, while disproportionately impacting others. Join HLC as we learn how to be better leaders with

Instructor Maria Lisa Johnson will help participants

- Increase awareness of the historical impacts of structural inequity
- Deepen understanding of the dynamics of oppression, power, and privilege
- Recognize and learn about strategies to manage your own biases
- And More!
